

# Invitation

## Visit of Chile's High Level Business Delegation in Hamburg

On the occasion of the visit to Germany of a high level multisectorial business delegation from Chile's Federation of Industries SOFOFA, we are pleased to invite you to a joint exchange and networking event on the premises of the Bucerius Law School in Hamburg.

The delegation is led by the president of SOFOFA, Ms Rosario Navarro (SONDA, IT Services) accompanied by Mr Oscar Hasbún (Quiñenco/Luksic Group, Chile-based conglomerate active in the industrial and financial sectors i.a.) and Mr Klaus Winkler (Mathiesen, supplier of raw materials). Among the participants there will be representatives of various sectors of Chile's economy, including, industrial, mining, commodities, raw materials, power and infrastructure, logistics, steel, as well as renewable energies, green hydrogen/green ammonia and e-fuels.

We look forward to spending an enjoyable spring evening midst of Hamburg's most beautiful city-park, and let this uplifting atmosphere be the inspiration for insightful exchanges and new paths for present and future partnerships between Chile and Germany.
